## 2021 Street Rehabilitation Project

### **Project Update**

The City of Fridley's 2021 Street Rehabilitation Project is anticipated to begin this summer. The project is currently out for bids. A start date will be available once a contractor is awarded the project late-May. **Given the current pandemic the City will be posting all future project updates and notifications on the 2021 Street Rehabilitation Project page at <https://www.fridleymn.gov/1561/2021-02-Street-Rehabilitation-Project>.**

There will be no hard-copy updates delivered for this project. Residents are encouraged to contact [web-StreetProjects@fridleymn.gov](mailto:web-StreetProjects@fridleymn.gov) and request to be added to the mailing list to receive project updates via email.

We encourage you if you have not already, to take time to review a 15 minute presentation on the street project, which gives details about the project and provides instructions on how to subscribe to project updates.

### **Contact Information**

Thank you in advance for your cooperation and patience during the project. *The City of Fridley's onsite engineer, Brandon Brodhag, can be reached at (763) 238-8086 if you have any questions, or concerns.*
